Ans 4) Descriptive Data of my data set are,

• min price of cigarettes is 0.1526

• max price of cigarettes is 1.256

• mean of my data set of price is 0.5678

• median of my data set of price is 0.6781

In ferential data of my data is .

• The most no. of selling cigarette is china.

• The country which sold cigarette at min price is kazakhstan.
